An Array of Home Learning

Welcome to the season of Easter! There are 50 days in the season, and we hope that the joy it promises finds its way to your hearts.

The last several weeks have illustrated challenges as well as achievements. We were able to provide Easter Hampers to families in need, and to ensure that specific technology requirements were met. Teachers here are connecting in a range of ways, though if you are looking for more please be sure to contact your child's teacher. We are here to meet your needs. We are also so happy to see the extremely high amount of engagement from our families. Continue to do the great (and what may be difficult ☺) work of supporting your child.

We would love it if we could showcase your child's learning at home through social media, however without permission forms, we are protecting your families' decision-making around that. Please feel free to post on your own though, and then to tag us!

Grad 2020 has been postponed until the fall when gathering restrictions will hopefully be lifted. We know that our Grads deserve recognition for their achievement, and an opportunity to culminate their years of learning here.

Take care everyone, and God Bless!

Ms. Ollikka

Highlight on Kindergarten/Preschool

A student's first teacher is a memorable one, and with Miss Hirschmann they all (including herself) have memories from this that will last a lifetime. We are saddened that Kindergarten Grad will not culminate their year, however the connection that they are building through technology will definitely be something that stays with them forever.

For Kindergarten, Google Hangouts have been arranged for the Week 3 of learning for Friday and Monday so that students can showcase what they have been doing with the myriad of activities at home.

For Preschool, we look forward to continuing the program, or seeing those entering Kindergarten, next year. Families were all sent activities to help best prepare their child for next steps.

Continue the love of learning!

We are taking registrations for all grades for next year! If you know of a family that would love to be a part of our family here, please connect with them and send them our contact information.
